## Courses

### (1) Main courses

#### Intensive Chinese (4 levels: A to D)

This course is intended to train the communication skills of foreign students by focusing on topics closely related to their life, study and work in China. Students learn vocabulary, grammar, expressions, and culture-related topics which are useful in communication. The goal of the course to improve students' Chinese listening and speaking abilities for everyday interactions in life, school, and work.

#### Business Chinese

Integrating listening, speaking, reading and writing into one, the course provides rich situations around business topics such as going to the bank, renting and buying a house, property management and services, market research, marketing, corporate culture, etc. to help students master relevant words and expressions. The goal of the course is to support students to reach a level of Chinese usage that allows them to communicate more effectively in business activities.

### (2) Optional courses:

Chinese calligraphy, Tai Chi, Chinese Character, etc.
